Sheldon C. Sommers, M.D.
Scientific Director,
Counsel for Tobacco Research,
U.S.A.
900-3rd Avenue
New York, New York U.S.A.

Re: Funding for basic research

Dear Dr. Sommers,

I am writing at the suggestion of Dr. Les Eidus who suggested the counsel for tobacco research is a possible source for funding for basic research related to infertility. I would be pleased if you could forward to me a copy of your regulations for application for funds from the counsel as well as the appropriate application forms. Many thanks for your assistance.

Yours sincerely,

Arthur Leader, M.D., FRCS(C)
Assistant Professor
Obstetrics and Gynecology
